

AGENDA ITEM 3: ANNUAL REPORT, 2004/5

PRESIDENT'S COMMENT

This very enjoyable presidential year has been for me both busy and exciting. I have often wondered what it must be like to be an important person. This office has given me an insight into this. In all the years that I have attended committee meetings, I have never been allowed to chair the meetings. So, it could have been a daunting task. But, with the help and support that I received from the officers and the other members of the Committee, it proved to be an enjoyable experience instead. While the chain of office turned out to be somewhat of a 'magic cloak': once I had it on, I felt empowered to speak to people in a way that would not have normally been possible.

The chain is new. The presidential collar the County used until this year was very old. The collar had been in use since 1911. It was extremely heavy. The petersham material had become discoloured, was dirty, but almost impossible to clean, and many of the metal bars, which bore the names of past presidents, were tarnished and so worn that many of them were difficult to read. Unfortunately, the new chain does not display these names, and so, as Public Relations Officer, I will try to solve the problem of how to display this historic list for the future.

In February my official duties began with the County Age Group and Championship swimming Competitions. It was a great privilege to be able to talk to our brilliant young swimmers during the presentation of their trophies. As an announcer and a wife of an active worker in the organisation of our sport, I get very few chances like this to interact with the swimmers.

During the year, I tried to visit as many of the Clubs as possible on their club night. My apologies to those where there was just not time to get to them. Those that I visited welcomed me and I hope that some of the little ones got something out of the visit, even if one or two were disillusioned that I was not the Mayor.

In March and June I attended the S.C.A.S.A. synchro competitions at Crawley. These events were most enjoyable. In May I was given the chance to see the Reading and Bracknell synchro teams competing so competently at Bracknell.

As someone who is unable to swim properly, I am always in awe of the masters' swimmers. In April at Eton and at Maidenhead in October, I attended the two County masters' events as President, and as announcer. I was thrilled to be present when Duncan McCreadie broke a world record. My thanks go to Amersham for the invitation to their masters' event. It was an excellent event. Unfortunately, I will be unable to attend the masters' Inter County event in November, but I send the County team my best wishes for this.

The S.C.A.S.A. swimming competitions that I attended were on May 2nd and on June 4th, 5th, 11th, and 12th. Our County swimmers performed extremely well on each of these days. Their very good swims must be due to their hard work, the excellent coaching they have received and the good support they have had from their parents.

During the year, Eddie and I have attended the annual dinners of Kent, Surrey, Essex, Sussex Hertfordshire and Hampshire and two S.C.A.S.A. dinners. These have been most enjoyable. They have given us an expansive insight into the activities of our neighbouring counties. We organised and took part in our own dinner. This was held at the Aurora Garden Hotel in Windsor on Friday 14th October. My thanks go to County members, who supported this event. It did seem to be quite a successful evening, so I do hope those present enjoyed themselves.

On Sunday 16th October, Eddie and I travelled to Sheffield with the County Team for the National Inter-County Competition. The team performed magnificently. Last year, they were promoted to the first division and this year they achieved 12th place - within the top 20 Counties of the Country. It was a pleasurable experience to travel with these cheerful and well behaved young people. Unfortunately, there is no prize for the 'most improved county', but progress from 22nd to 12th was exceptional. The result came from a much-improved supportive attitude from the club coaches towards the County. My thanks go to Paul Lloyd for organisation and team management. I was very pleased to present the team's coach with the President's Plate for 2005. Bob Pay has helped with the County Team for many years and, therefore, he well deserves this honour.

The award of the Jubilee Plate, for service to County, was announced at the Annual Dinner and my citation then read approximately:

"Many years ago Bob stepped into the breach to accept the position as Berkshire & South Buckinghamshire County Team Coach. Most of the time he has quietly done the job in support of the slightly higher profile job of County Team Manager. And he is currently assisting Paul Lloyd.

"Bob has been a swimming coach for 38 years and a professional coach for 27 years. He has lived in the Middlesex area all his swimming life including a personal swimming ancestry – butterfly champion and Olympic trialist [1968] – and then, many years ago, migrating into Berkshire as the long standing Wycombe & District Chief Coach.

"Bob has been responsible for coaching Olympic swimmers and other international swimmers for over 30 years starting at Kingsbury S.C. and Harrow & Wealdstone before nursing about 6 Wycombe swimmers into these high ranks – including right up to date for the last Olympics in Athens. He has served as coach or team manager on many overseas visits at the Olympics and for international teams."

Madge Lyne

DIVING COMMITTEE

Report not yet to hand

MASTERS' COMMITTEE

The masters have performed well this year: some swimmers have broken World and British records. A County team has been entered into the Inter-Counties at Aldershot on 20th November. I will report on the event at the next meeting of the Executive Committee.

The Wycombe long course event had fewer entries this year, maybe because the Southern Counties had a long course meet a week later.

The Eton short course had less people also, due, it is hoped, to the fact that it was run in the middle of the holidays, and there were a number of swimmers away. It is only possible to have the meet when Eton pool is available.

The entries for the open masters' meet at the Magnet, Maidenhead, went well after a very slow start, and having to accept late entries to help the numbers: in the end, there were more entries this year than for each of the last 4 years. The pool was set up well, there were a few problems with the Omega timing and the data transfer to the computer, but a number of swimmers sent emails, letters and words of appreciation and enjoyment of the meet.

Subject to agreement with the Hon. Treasurer, the total profit/loss for masters' events was

Wycombe	(£36.00)
Eton	£319.37
Maidenhead	£1,156.49
 Total profit	 £1,439.86

The Wycombe County long course meet is on Saturday January 21st 2006

The Eton County short course meet is on Saturday April 1st 2006

The Masters' Open meet is on Saturday 14th October 2006. (To be confirmed.)

Jane Dawkins

PUBLIC RELATIONS

3 more official's polo shirts were sold this year. If officials need to purchase any, they are still only £10 each and we have all sizes in stock.

This year the Executive Committee agreed to purchase a new chain of office for the President. The new chain is metal gilt. It still has the County badge from the old collar attached. Although the old badge has lost it's gold colour, the Committee decided not to replace it yet because a complete new design might be needed in the near future. We were unable to display the names of the past presidents on this new chain. These names do appear in the annual Handbook, but I will look into another way to display this historic list at future county meetings and events.

The Finance Sub-Committee agreed to purchase green polo shirts for the County teams this year. These were rather pricey but look very smart. A good decision. If the team had not been wearing them at the national Inter-Counties event in October, they would have been the only team in the old style shirts.

The team at the Inter-Counties regretted that they did not have a 'county banner' to display. Our County team, whatever its form and name, should have a distinctive banner to rally round before next year's competition.

Madge Lyne

SWIMMING COMMITTEE

The 2005 County Championships and Age Group Competitions programme for 2005 met with approval from all the County clubs and from the competitors alike. In the light of this, it was agreed at the first Swimming Committee meeting that the same programme would be adopted in 2006, apart from one change of event in the final session.

During the course of the competitions, 43 event best times were recorded detailed below:

Six New Best Times

Thomas Norgate	(13)	Windsor	100 Freestyle, 200 Freestyle 400 Freestyle, 50 Butterfly 100 Butterfly, 200 Butterfly
----------------	------	---------	---------------------------------------------------------------------------------------------

Five New Best Times

Katie Ambridge	(14)	Wycombe Dist	200 Freestyle, 50 Butterfly 200 Breaststroke, 100 Butterfly 400 Ind Medley
----------------	------	--------------	----------------------------------------------------------------------------------

Four New Best Times

Jasmin Ballingall	(11)	Chesham	50 Backstroke, 200 Ind Medley, 50 Butterfly, 400 Ind Medley
Steven King	(11)	Bracknell	50 Butterfly, 100 Butterfly 200 Butterfly, 200 Ind Medley

Three New Best Times

Daniella Ashfield	(10/u)	Slough & Eton	100 Freestyle, 400 Freestyle 400 Ind Medley
James Crawford	(15/16)	Wycombe Dist	200 Backstroke, 200 Butterfly 200 Ind Medley

Two New Best Times

Alex Vine	(17/o)	Wycombe Dist	200 Freestyle, 200 Butterfly
Emma Harris	(17/o)	Newbury	200 Freestyle, 400 Freestyle
Sophie Elphick	(10/u)	Amersham	50 Breaststroke, 200 Breaststroke
Katherine Shaw	(10/u)	Amersham	50 Butterfly, 200 Ind Medley
Caroline Wroe	(14)	Windsor	100 Backstroke, 200 Backstroke

One New Best Time

Cordelia Wilson	(14)	Wycombe Dist	50 Backstroke
-----------------	------	--------------	---------------

Emma Boret	(15/16) Bracknell	100 Butterfly
Gareth Fowler	(15/16) Chalfont	50 Backstroke
James Stone	(13) Windsor	200 Breaststroke
Jamie Shield	(13) Bracknell	50 Breaststroke
Sam Straughan	(11) Wycombe Dist	50 Backstroke
Tom Keen	(12) Bracknell	50 Backstroke
Lewis Coleman	(12) Bracknell	200 Breaststroke

Congratulations to all these swimmers. Congratulations are also due to Nicola Ballingall of Chesham who has broken her own County Breaststroke record again in 2005.

Successes gained in the County Competitions form the basis of a database which is updated during the District competitions and the National Age Group Championships. The inter-County team is then selected from these times to compete in the national Inter-County at Sheffield in October of each year. This year our team, which was competing in the first division for the first time in a number of years, was placed 12th, a very commendable performance by a team from a very small county compared with others in the country. Very well done to all those who took part and to Bob Pay (Team Coach) and Paul Lloyd (Team Manager).

As always I am indebted to all the poolside helpers who work so willingly and diligently at the competitions' sessions. Without them and the technical officials the events could not happen.

Eileen Adams

Current holders of County trophies, and thus the winners of Championships, are listed at Appendix 1

SWIMMING OFFICIALS

The number of officials working at the County Competitions in 2005 was just under 100. As predicted in this report last year, we did work out how to use the new scoreboard at the Magnet. The main obstacle was removed when an Omega engineer visited and sorted out a glitch in the software, thus proving that early problems were definitely not operator error. I would appeal to all you 'techies' out there; please volunteer to have a go at the Ares/scoreboard combination. It is fun, challenging and absolutely vital to the success of our competitions.

As well as officiating, the senior officials conduct practical tests and run theory courses for potential new officials. These efforts have resulted in 20 new timekeepers, 6 new judges and 1 new starter in 2005.

I am disappointed that no one has come forward again this year to try the Race Results or Referee exams. Please think about this for yourself, or encourage that excellent referee you have in your club.

My thanks go to all the active officials in the County. I am retiring from this job in 2005, although not from officiating, and am sure that all of you will support my successor in every way, as you have always supported me.

Susan Harrison

SYNCHRONISED SWIMMING COMMITTEE

With the implementation of LTAD, this has been a difficult year to organise events for synchro. It will probably be 2007 before all the snags are ironed out, but, hopefully, synchro will emerge as a stronger and healthier sport.

This year the ASA Synchro Technical Committee decided to send a junior team to compete in Croatia, where the GB team finished in 1st place. This is a great improvement in performance and 5 swimmers from Reading Royals were part of the junior squad, namely Jenny Godding, Katie Austin, Helen Morris, Grainne Shaughnessy and Melanie DeVoy. A senior team competed in Egypt (at their own expense) and finished in 3rd place, which was a good result, against strong opposition. Katie Skelton from Reading Royals took part in this competition.

The British Championships were held in Leicester and the Reading Royals' team achieved a creditable 4th place. At the National Age Groups, Reading Royals won 5 events, were second in 4 events & third in 2 – a very successful competition.

At the Inter-County competition in June, the B&SB squad did very well and achieved second place overall. We would like to thank Katie Skelton, Jazmine Stansbury, Siobhan Goodchild, Sandra Jack, Alex Harris and Vicky Eaton from Reading Royals and the team from Henley (Mikki Bennett, Marion Mercier, Charlotte Bullock, Natalie Fenemore, Sarah Lester & Emma Hobson) together with their coach, Karen Bennett.

The Championship and Grade 4 B&SB competitions had to be cancelled this year as the date for the proposed competition conflicted with GB training and the resultant entry level would have been reduced to 3. The Novice and Grade 3 competitions took place in mid May and were very successful. Our County competitions will have to change format with the introduction of LTAD and there will be meetings to agree new conditions for 2006.

I would like to thank Jean Hulbert for organising our competitions, producing a development plan for 2005/6, researching our new proposed competitions and for chairing our meetings. We are very grateful for all her hard work in achieving the development plan targets. I would also like to thank all coaches, swimmers and officials for all their efforts in making this year so successful.

Finally, the highlight of the year has to be the Mary Black Award, which was presented to Doug and Barbara Coker at this year's British Championship. This is an award for outstanding services to synchro and we were all delighted to see their efforts so rewarded and acknowledged.

Results are given in Appendix 2.

WATER POLO

Report not yet to hand

SECRETARY'S REPORT

As ever, I shall have the last word in the Association's Annual Report.

This has been a particularly momentous year in the management of the sport. The ASA has, once again, got ahead of most governing bodies in aligning its administrative boundaries with those of significant potential funders. It has devolved responsibilities to its new regional bodies. It has secured funding for regionally employed professional staff. The ASA South East Region, in which we now find ourselves, has to cover a much wider agenda than its predecessor, the former Southern Counties ASA. It has a remit to develop swimming in a much wider sense than clubs, competitions or training for excellence.

In some ways it was sad to see the passing of the Southern Counties ASA. Many from our Association and clubs attended the wake – it was a local fixture for us, as it was at the Slough/Windsor (Langley, really) Marriott. The final Council meeting was a little delayed, as delegates were evacuated to the car park, whilst the crews of 3 appliances from the Royal Berkshire Fire & Rescue Service attended to a small fire! However, some of us may take comfort from the fact that, with the passing of SCASA, we are spared those delightful trips to Crystal Palace.

Returning to the present and the future, one quarter of the new Regional Management Board come from this Association, or its affiliated clubs. Roger Prior is Chairman of that Board. 1/3rd of the delegates to the Region's first Council Meeting were from the County's clubs. I think that this demonstrates the Association's commitment to the sport, beyond the boundaries of Berkshire and southern Buckinghamshire. Some might say that we punch above our weight, being one of the smaller county associations in the Region.

The changes to the sport at District or Region level are replicated at our, county, level. County associations are, really, no more than local associations, with no constitutional input into the management or administration of the sport. This has now changed, with the "creation" of sub-regional bodies, which are partners, and, to an

extent, subject to the regions. Importantly, they have a recognised role in the management and delivery of the sport.

You may recall that there was a straw poll at the last Council meeting about how this neck of the woods might go forward in this new era. The Region consulted our affiliated clubs, and those in Oxfordshire & North Buckinghamshire, about the sub-regional structure in the north of the Region. 70% of respondent clubs favoured an amalgamation of our 2 county associations to form a sub-regional body (SRB). 6 Berks & South Bucks clubs replied to the consultation, 4 in support of amalgamation and 2 in support of 2 SRBs, but on modern boundaries.

There have been some discussions with Oxon & North Bucks in the past year about amalgamation, but they have yet to reach a conclusion. There are some practical issues about possible amalgamation, eg how combined swimming championships might be organised. In the meantime, the Association's Executive Committee decided to seek recognition, from the Region, for the Association as a SRB. The Regional Management Board has agreed. This does mean, however, that our Rules will have to be changed, to reflect this status. No doubt the Executive Committee will bring forward proposals to next year's Council meeting for this.

Being an SRB means that the Association has to draft a development plan which complements the Region's similar plan. Indeed, the Association will be responsible for delivering approximately a sixth of the Region's objectives. We will need to work on our development plan: the present one is probably unique in that it covers synchro – and only synchro! Perhaps that is appropriate, given the significance of that discipline in our County.

Other contributors to this report have mentioned the successes of the County's competitors. I am in the throes of compiling the customary list of successes, as published in "Swimming", of speed swimmers from County clubs aged under 25, and hope to have it ready for the meeting. It will form Appendix 3 to this report.

Sadly, your Association cannot offer you any information about activity or successes in diving. There are 3 clubs in the County involved in that discipline, but, sadly, none of them feels the need to interface with the Association. Of course, this may change in the future, when they discover that the Region's development plan covers diving, and that some of the associated activities will fall to be delivered locally. I can say, however, that there was a diver, from a Berks & South Bucks Club, at the former Southern Counties diving events, earlier this year!

While there is a lot of open water in the Association's area, I am not aware of many proponents of competitive swimming in that water.

As I have said in more Annual Reports than I care to remember, our sport, and the work of the Association, is not confined to the elite athletes who appear on the regional, national or international rostra. Frankly, the sport will not survive if we do not nurture its grass roots, and encourage more and more people to participate, at the level best suited to them. To that end, the success of the 2 Active Sports' partnerships, with which the Association was working, and the County Sports Partnerships, with which it is working, is vital. Both partnerships have recently

appointed swimming development officers, and, hopefully, this will give them a new lease of life. What is important is that the affiliated clubs participate in the partnerships, which are designed to give benefits to clubs, anyway. If the Berkshire Swimming Action Group is a barometer, club participation needs to be significantly enhanced.

This seems a pertinent point at which to thank “our” Regional Development Officer, Helen Mack, who is presently on maternity leave, and Alex Message, who has had to cover the whole of the Region while Helen has been away. I would not envy Alex the potential of trips from Dover to Milton Keynes or Gravesend to Southampton. Steve Vivash provided additional support for a few months, before he moved off to his new appointment. There are rumours that the ASA intend to reduce the number of RDOs in our Region to one. The logistics of the South East are such that that seems a non-sensical proposal...

May I pay tribute, on your behalf, to Madge Lyne, who has been an indefatigable President? She has carried out her “ceremonial” duties with aplomb, and has kept a tight control of meetings of Executive Committee – well, some members, anyway! I have enjoyed working with you, Madge, during 2005, and I know you have very much enjoyed experience of being President.

In conclusion, I should like to thank all contributors to this report, Phil Tanner, Rosemary Large, Eileen Adams and my wife, Sandra. Although he has resigned from the Executive Committee, Phil does a marvellous job in looking after the Association’s web site – www.bsbasa.org.

Rosemary provides me with excellent support as Assistant Secretary: I am concerned to note that I have not received a nomination form from her

Eileen looks after the production of the County Handbook, a job which I am so glad she undertakes, because it requires the patience of a saint, and a resilient approach to life.

Finally, without Sandra’s help and support, I could do none of all this. ‘Nuff said!...

Roger Penfold
